All data provided on [FinBuzz](#) (collectively, "Service") is for informational purposes only and is not intended for commercial or investment purposes. Any decisions, such as investment decisions, made by users of the Service are always made individually and independently, at their own risk and responsibility.

We do not guarantee full data integrity and are not responsible for errors in data originating from stock issuers or any other similar sources, which may subsequently be imported into the databases published on the Service.

## No investment advice provided

**Investing always carries risk.** For example, an investment decision to purchase stocks may result in the loss of the entire invested capital, while investing in derivatives using financial leverage may lead to a loss exceeding the originally invested amount.

All data, materials, information, calculations, analyses, articles, studies, opinions, views, comments, news, etc., available on the Service should not be considered or treated by users as a guarantee or assurance of achieving potential or expected results, such as profits or specific rates of return on investments.

All data, information, etc., available on the Service should not be considered as a suggestion or encouragement to make any specific investment decision, nor should they be regarded as investment advice or a binding assessment of the market or an investment instrument.

All opinions, views, comments, and news published on the Service represent the subjective expression of the personal knowledge and experience of their authors and should not be treated as a recommendation, investment advice, or a suggestion to undertake specific investment actions.

All opinions, chats, messages, information, research, analyses, prices, or other content on this website are provided as general market information solely for educational and entertainment purposes and do not constitute investment advice.

The website should not be relied upon as a substitute for extensive, independent market research before making actual trading decisions.

Opinions, market data, recommendations, or other content may change at any time without notice. The owner of the Service is not liable for any losses or damages, including but not limited to lost profits, that may arise directly or indirectly from the use of or reliance on this information.
